NEWS RELEASE

FOR IMMEDIATE RELEASE: March 31, 2020

Helmerich & Payne, Inc. Provides Capital Allocation Update and Announces Fiscal Second Quarter 2020 Conference Call and Webcast

TULSA, Oklahoma, – March 31, 2020 (Business Wire) – Helmerich & Payne, Inc. (“H&P” or the “Company”) (NYSE: HP) today provided an update on its capital allocation policy as well as its capital expenditure and SG&A cost outlook for the remainder of fiscal 2020. The Company also announced the timing of its upcoming second fiscal 2020 quarterly conference call and webcast.

As part of the Company’s commitment to long-term shareholder returns and at the same time maintaining its strong financial position, consistent with its previous announcement on March 23, 2020 that it was reviewing its capital allocation policy, the Company announced it intends to reduce the future quarterly dividends to \$0.25 per share. The declaration and amount of any future dividends, and any future increase or decrease, is at the discretion of the Board of Directors and subject to the Company’s financial condition, results of operations, cash flows and other factors the Board deems relevant. H&P also reaffirms its commitment to pay the previously announced \$0.71 per share dividend on June 1, 2020, to stockholders of record at the close of business on May 11, 2020.

“I am proud of how our people have responded in these challenging times,” said John Lindsay, President and Chief Executive Officer. “H&P recognizes the uncertainties and concerns caused by the COVID-19 pandemic. The Company is an ‘essential critical infrastructure’ company as defined by the Department of Homeland Security and the Cybersecurity and Infrastructure Security Agency and as such, continues to operate rigs and technology solutions, providing valuable services to our customers in support of the global energy infrastructure. The health and safety of all H&P stakeholders - our employees, customers, and vendors, remain a top priority at the Company. Accordingly, H&P has implemented additional policies and procedures to protect the well-being of our stakeholders and to minimize the impact of COVID-19 on our ongoing operations and began working remotely where possible since March 13. In difficult times, our Company will continue to make operationally sound and fiscally conservative decisions that will continue to support H&P’s long-term success.”

In light of the uncertainties related to COVID-19 and the significant negative impact that a weakened commodity price environment have had on the outlook for the industry rig count, H&P has preliminarily reassessed certain portions of its cost structure, including SG&A and capital expenditures, for the remaining six months of fiscal year 2020. Gross capital expenditures are now expected to be approximately \$210 to \$230 million for the full fiscal year 2020 and are still expected to include amounts for walking rig conversions

backed by term contracts and certain in-process corporate projects, including information technology initiatives. Second half fiscal 2020 capital expenditures are expected to consist primarily of maintenance capital expenditures at an annualized level of approximately \$1 million per average active rig. Asset sales include reimbursements for lost and damaged tubulars and sales of other used drilling equipment that offset a portion of gross capital expenditures, and are now expected to be approximately \$25 to \$35 million for full fiscal 2020. SG&A costs, excluding any future one-time items, for the full fiscal year 2020 are now expected to be approximately \$185 million. Additional guidance information and details are expected to be made available during the Company's upcoming earnings conference call.

The Company's fiscal second quarter 2020 conference call will take place on Friday, May 1, 2020, at 11:00 a.m. (ET) with John Lindsay, President and CEO, Mark Smith, Senior Vice President and CFO, and Dave Wilson, Director of Investor Relations.
